“The Insured agrees to declare to Universal Sampo General Insurance Company Limited in writing the value of his stocks (other than retail) less any amount insured by Policies other than declaration policies, in each separate building or non-communicating compartment or in the open on the following basis namely 1] average of the values at risk on each day of the month or 2] the highest value at risk during the month and to make such declaration(s) latest by the last day of the succeeding month. Such declaration(s) shall be signed by the Insured or by a responsible person authorized to sign on his behalf.

If other policies on declaration basis cover the stocks hereby insured, the declarations shall be made so as to apportion to each policy a share of the value of the stocks insured under such declaration policies, PRO RATA to the respective amounts named in the policies.

In the event of a declaration not being made latest by the last day of the succeeding month then the insured shall be deemed to have declared the Sum Insured hereby as the value at risk.

On the expiry of each period of insurance the premium shall be calculated at the rate of Rs. _____ (provisional) per mille on the average Sum Insured namely, the total of the values declared or deemed to have been declared divided by the number of declarations deemed to have been made.

If the resultant premium is less than the provisional premium, the difference shall be repaid to the Insured but such repayment shall not exceed 20% of the provisional premium.

Further it is hereby agreed and understood that no reduction in sum insured shall be allowed during the currency of the policy.

- 2) The basis of value for declarations shall be the market value and any loss hereunder shall be settled on the basis of the Market Value immediately anterior to the loss.
- 3) If at the time of any loss, there be any subsisting insurance or insurances on other than a declaration basis, whether effected by the insured or by any other person or persons, covering the stocks hereby insured, this policy shall apply only to the excess of the value of such stocks at the time of the loss over the Sum Insured by such other insurance or insurances, and this Company shall not be liable to pay or contribute more than that proportion of such loss which such excess (or, if there be other declaration insurances covering the same stocks, a ratable proportion of such excess) but not exceeding the Sum Insured hereby, bears to the total value of the stocks.
- 4) If after the occurrence of a loss it is found that the amount of the last declaration previous to the loss is less than the amount that ought to have been declared, then the amount which would have been recoverable by the Insured shall be reduced in such

proportion as the amount of the said last declaration bears to the amount that ought to have been declared.

- 5) Notwithstanding the occurrence of loss it is understood that the Sum Insured will be maintained at all times during the currency of the policy and the Insured therefore undertakes to pay extra premium on the amount of any loss pro rata from the date of such loss to the expiry of the period of insurance, the premium being calculated at the rate applicable to the stocks destroyed and such extra premium shall not be taken into account in, and shall be distinct from, the final adjustment of premium.
- 6) In event of the policy being cancelled by the Insured during its currency (whether stocks exist or not) the premium to be retained by the company shall be the appropriate short period premium calculated on the average amount insured up to the date of cancellation, or 80% of the provisional premium whichever is greater. Notwithstanding the above, if the policy is cancelled by the insured after a loss has occurred, the premium to be retained by the company shall be the PRO RATA proportion of the premium calculated on the average amount insured up to the date of cancellation plus the PRO RATA proportion of the premium from the date of loss to the expiry of the period of insurance on the amount of loss paid, or 80% of the provisional premium whichever is greater.
- 7) The maximum liability of the company shall not exceed the sum Insured hereby and premium shall not be receivable on value in excess thereof. The sum Insured may, however, be increased by prior agreement with the Company in which event the new sum Insured and the date from which it is effective will be recorded on the policy by endorsement. In the event of an increase in the sum Insured being agreed to, the company shall charge on such increased sum an additional provisional premium on a basis proportionate to the unexpired period of the policy and upon expiry of each period of insurance the total provisional premium so paid shall be adjusted as provided for in Clause 1 above. If during the currency of the policy, the rate for the class of risk to which the insurance applied is revised, and an increase in the Sum Insured under a Declaration Policy is agreed to, the company shall charge on such increased sum an additional provisional premium on a basis proportionate to the unexpired period of

policy, at the rate at which the insurance was originally effected and upon expiry of each period of insurance the total provisional premium so paid shall be adjusted as provided for in Clause 1 above.

- 8) If the stocks hereby insured shall at the time of loss be collectively of greater value than the Sum Insured thereon, then the Insured shall be considered as being his own insurer for the difference and shall bear a ratable proportion of the loss accordingly.
- 9) It is hereby warranted that every other policy on a declaration basis covering the stocks insured hereby shall be identical in wording with this policy.

This insurance is subject in all respects to the printed conditions of the policy except in so far as they may be varied by the above conditions.
