

PROSPECTUS

CONSEQUENTIAL LOSS - FIRE INSURANCE POLICY

Scope of cover

When a fire occurs or any of the other perils covered under the Standard Fire & Special Perils Policy (Material Damage Policy) occur, the material damage policy will help the insured in reinstatement/ repair/replacement of the damaged Building, Plant & Machinery and Stock. The time period between the date on which the loss occurs and the date on which the entire reinstatement/repair/replacement is complete and normal production restarts, is called the "Period of Interruption". This would result in a reduction in turnover, causing subsequent loss of profits. The intention of a Consequential Loss (Fire) Policy is to make good this loss.

PROVIDED THAT:

- 1) Such Damage is caused at any time after payment of the premium during the period of Insurance named in the Schedule or any subsequent period in respect of which the Insured shall have paid and the Company shall have accepted the premium required for the renewal of the policy.
- 2) At the time of the happening of the Damage there shall be in force a FIRE POLICY covering the interest of the Insured in the property at the premises against such Damage and that payment shall have been made or liability admitted there under. However, the Proviso shall not apply where payments is not made under FIRE POLICY, solely due to operation of a proviso in FIRE POLICY excluding liability for losses below a specified amount.
- 3) The liability of the Company shall in no case exceed in respect of each item the sum expressed in the said Schedule to be insured thereon or in the whole the total sum insured hereby or such other sum or sums as may hereafter be substituted there for by memorandum duly signed by or on behalf of the Company.

What does this Policy cover?

The CL (Fire) Insurance Policy would be applicable for all risks covered under Standard Fire and Special Perils Policy (hereinafter called Fire Policy) of AIFT.

1. Policy to Constitute Contract of Indemnity:

Every Policy shall constitute a contract of indemnity only.

2. Standard Policy:

No Consequential Loss (Fire) Insurance Policy may be issued except under the standard terms and conditions or at rates lower than the rates provided in this Tariff without the specific approval of the Tariff Advisory Committee.

3. Policies for Fixed Percentages:

It is not permissible to issue a policy undertaking to pay a percentage of the fire loss or a fixed sum or percentage regardless of actual loss.

4. The Perils:

Issue of the Policy on a basis other than the provided for in this Tariff is not permitted e.g. issue of a policy covering standing charges only by altering the policy and specification wordings is not allowed.

All perils under the Standard Fire and Special Perils Policy must necessarily be covered under Consequential Loss (Fire) Policy.

The Consequential Loss (Fire) Policy may also be extended to cover the Add-On Perils insured by the fire Material Damage Policy at an additional premium which must be shown separately on the policy.

Whenever Consequential Loss Policies do not cover all the perils listed in the material damage cover, the following specific exclusion must be attached to the face of the Policy:

“Notwithstanding what is stated in the preamble of this policy the term damage used in the preamble excludes loss or damage caused by * (* here will be introduced names of perils under MD policy which are not covered under LOP Policy).

N.B. It is not permissible to grant cover under the Consequential Insurance Loss (Fire) Policy for explosion and collapse of steam boilers.

5. Depreciation of Stock:

Bad Debts:

It is not permissible to grant Consequential Loss Insurance cover in respect of –

- a) Depreciation of Stock
- b) Bad debts.

6. Payment of premiums by instalments:

Payment of premiums by instalments is not permissible.

7. Fess in connection with claims:

Except for Auditor's fees (see Regulation 10) it is not permissible to give any undertaking to pay the fees of any person employed by an insured in connection with the preparation or verification of a claim.

8. Indemnity Period:

It is not permissible to issue a policy with an Indemnity Period commencing at a date later than the date of the damage except for a business which is silent, in which case the commencing date of Indemnity may be made to coincide with the date on which the business would have started.

It is also not permissible to alter the indemnity period during the currency of the Policy.

9. Material Damage Proviso:

Every insurance must contain a provision that at the time of the happening of the damage there shall be in force an insurance covering the interest of the insured in the property at the premises against such damage and that payment shall have been made or liability admitted therefor under such insurance. However, this Provision shall not apply where payment is not made under Fire Policy except due to operation of a proviso in Fire Policy excluding liability of losses below a specified amount.

The proviso shall also not apply to property on which the Insured have no direct insurable interest and which they cannot be reasonably expected to insure.

10. Return of Premium:

i) The full premium for the selected sum insured based on estimated Gross Profits shall be chargeable under all Consequential Loss (Fire) Policies in advance.

ii) Where it is desired to provide for the Return of premium for the actual Gross Profits being lower than the selected sum insured, the following clause should be used:

"If the insured declares at the latest twelve months after the expiry of any period of Insurance, that the Gross Profits earned (or a proportionately increased multiple thereof where the maximum Indemnity Period exceeds 12 months) during the accounting period of 12 months most nearly concurrent with any period of insurance, as certified by the Insured's Auditors, was less than the Sum Insured thereon, a pro-rata return of premium not exceeding 50% of the premium paid on such Sum Insured for such period of insurance shall be made in respect of the difference. Where however the declaration is not received by the Company within twelve months after the expiry of the period of insurance no refund shall be admissible.

If any damage has occurred giving rise to claim under this Policy, such return shall be made in respect only of said difference as is not due to such damage."

iii. Similar Clause in respect of "Wages" cover under Rules 3(a) and (b) of Section II should be used by substituting the words "Actual Wages Paid" for the words "Gross Profit Earned" in the third line of the above Clause.

iv. In exceptional circumstances, Head Office of TAC may permit, on specific applications from the Insurers, Return of Premium upto a maximum of 75 percent under the above Clause, on the merits of each case.

Note: The above Rules/Clause shall uniformly apply to all factories/industries.

N.B. No reduction will be allowed in the Sum Insured during the currency of the Policy except as provided for under this Clause.

Extent of insurance cover

The consequential Fire policy covers

- Loss of Gross Profit due to Reduction in Turnover/Output.
- Increase in Cost of Working-This is the additional expenditure that has to be necessarily incurred in order to avoid or diminish the reduction in turnover.

The basic requirement is that the loss of gross profit and/or increase in cost of working has to be as a consequence of an insured peril under the material damage Fire and Special Perils policy.

One of the key features of a Consequential Loss policy is that many times, there is no relation between the quantum of loss under a material damage policy and that under a loss of profits policy. For example, a small fire in a key area of a manufacturing facility may result in complete stoppage of production. This would result in a huge drop in turnover and the consequent loss of gross profits. On the other hand, a very large fire in a warehouse may result in a huge material damage claim, but if alternative storage space is found quickly and production in a factory speeded up to make good the loss of stock, the effect on the profits of a business may be negligible.

The profits of a business are related to turnover and if this stops or is reduced, profits are affected. All business firms have a turnover which is derived from either goods sold and delivered or services rendered. The turnover may sometimes be referred to as Sales, Fees, Earnings Revenue and various other titles and may be derived from another source of income, all of which can be defined and substituted for turnover.

Exclusions

All exclusions applicable for Material Damage (SFSP) policy are applicable for CLOP policy also.

Warranties, exclusions/exceptions and conditions of the insurance cover

Material Damage Proviso:

Every insurance must contain a provision that at the time of the happening of the damage there shall be in force an insurance covering the interest of the insured in the property at the premises against such damage and that payment shall have been made or liability admitted therefor under such insurance. However, this Provision shall not apply where payment is not made under Fire Policy except due to operation of a proviso in Fire Policy excluding liability of losses below a specified amount.

The proviso shall also not apply to property on which the Insured have no direct insurable interest and which they cannot be reasonably expected to insure.

Add on Wordings

1. Waiver of Underinsurance

It is hereby agreed and declared that notwithstanding anything to the contrary in this policy or in any of its conditions; in the event of loss or damage it is found that the sum insured is less than the amount required to be insured, then underinsurance on each item of the schedule will be ignored if it does not exceed ___% there at. Provided, however, if the said sum insured in respect of such item(s) of the schedule shall not be less than ___% of the value of the item(s) thereat, this condition shall be of no purpose and effect.
