Extent of insurance cover

This product is designed to cater to the need of those engaged in Inland Fresh Water Fish farming covering fish of Rohu, Katla, Mrigal, Common carp, Silver carp and any other recognized breed.

This Policy shall provide indemnity for death of fishes due to accident / diseases contracted or occurring during the period of insurance like Summer kill, Pollution, Poisoning, Riot and Strike, Malicious acts of Third Parties, Earthquake, Explosion/Implosion, Storm, Tempest, Cyclone, Typhoon, Hurricane, Tornado, Flood, Inundation, Volcanic eruption and/or other convulsions of nature, Aircraft and other aerial devices or articles dropped therefrom, Impact with any road vehicle and animal.

This Policy can also be extended to cover the bunds/sluice gates etc. against the natural perils mentioned above and also loss due to diseases like Vibriosis, Aeromonas and other Viral form epidemics and/or Parasitical attacks on payment of additional premium.

Applicability

1. This is applicable to Fry/Fingerlings/Fish in stock ponds and Breeders in fresh water only and not to marine fisheries or to brackish water fish. Fish of Rohu, Katla, Mrigal, Common carp, Silver carp and any other Breed may be covered.
2. Rearing Stage: Fry(tiny seed) is introduced into the rearing pond and grown for 3 month Into finger lings (10 cms to 15 cms). The natural mortality at this stage will be between 50% to 60%.
3. Stocking Stage: 5000 to 7000 fingerlings are introduced into one hectare pond and grown for 10 to 12 months into mature fish for harvesting.

In large farms even breeders consisting of male and female fish of one to five years age maintained to produce fry. At this stage, natural mortality will be 40% to 50%.

Sum Insured:

Sum Insured is the amount set out in the Schedule against each type of fish covered in the Policy and the same would be the 100% of the market value which shall be based on the Veterinary Surgeon's recommendations

Period Of Cover

The entire period of crop, since the period varies from 3 to 12 months.

- (a) Fry to Fingerlings- 3 months period in rearing period.
- (b) Fingerlings to Fish stage-12 months period in stocking pond.
- (c) Breeders age 1 year to 5 years- 12 months period in breeder ponds.

Basis Of Valuation (Sum Insured)

The value of fish changes from fry, fingerling stage to the final catch/harvest period. It increases progressively with the cost of inputs. This is to be certified by an authorised official and valuation tables given as per follo- wing Annexures should be the basis both for the acceptance as well as settlement of the claim:

Valuation Table for fry to fingerlings: Annexure A.

Valuation Table for fingerlings to fish: Annexure B

Valuation Table for Breeders: Annexure C

Valuation will depend on the following factors:

- (a) The cost of fry/fingerlings
- (b) Cost of input.

(c) Other incidental expenses

Profit is included in the valuation.

Criteria on which discounts in premium can be allowed

No Claim Discount

Good Features Discount

Good Features discount not exceeding 5% may be allowed if the farm is having any of the five good features listed below:-

- a. Farms having resident/own veterinary officer or farms managed by veterinary doctors.
- b. Farms carrying out regular water analysis.
- c. Farms maintaining proper regulation of water movements by suitable inlets, outlets and sluices
- d. Farms with proper system of eradicating diseases, epidemics and parasitic infestation.
- e. Farms with efficient system of separating dead Fishes or Fishes attacked with disease from the remainder of the stock immediately upon the discovery of the attack.
- f. Farms with mortality less than 5% in previous batches.

Note: Above good features should be certified by company's representative/fishery official

EXCESS

Each and every claim shall be subject to a deduction of 20% from the claim amount payable.

In other words, Our liability in the event of total loss will be only 80% of the assessed loss.

Extensions

1. Coverage for Bunds/Sluice Gates

"In consideration of payment of additional premium as stated in the Schedule, it is hereby agreed and declared that notwithstanding anything contained contrary in the Policy, the Insurer shall indemnify the Insured any loss or damage to bunds/sluice gates arising out of natural perils as mentioned in 'What We Cover' in the Policy. However, any loss or damage to the bunds/sluice gates due to natural erosion and consolidation of bunds or erosion arising out of normal wave action of water in the pond is not indemnifiable under this extension."

2. Coverage for specified diseases, other Viral form of epidemics and/or Parasitical attacks.

"In consideration of payment of additional premium as stated in the Schedule, it is hereby agreed and declared that notwithstanding anything Contained contrary in the Policy, We shall indemnify You for death of the fishes due to Vibriosis, Aeromonas and other form of epidemics and/or Parasitical attacks consequent upon which Sr No. (c) as mentioned in "What We Exclude" in the Policy stands deleted. The above referred diseases are defined as under:

Vibriosis: This is a bacterial disease which causes black or brown cuticular lesion, muscle opacity and black lymphoid organ melanisation of appendage tips in the affected fishes. Aeromonas: This disease is bacterial in origin which results in small pinpoint Haemorrhages at the base of the fins or skin and distended abdomens in the infected fishes.”

Special Conditions

1. Notice:

Every notice and communication to Us required by or in respect of this Policy shall be in writing.

2. Chance of Hazard

Before each renewal of the insurance, You shall give written notice to Us of disease, injury, illness or physical defect with which the fishes had been born or are infected.

3. Reasonable Care

You shall all time exercise reasonable care and prudence in the selection of the employees to manage and run the farm.

4. Inspection

You shall permit Our authorized representative at all times to inspect the fishes hereby insured and Your premises and You shall also furnish any information which We may require and shall comply with all the regulations and directions from time to time made and given by Us.

5. Maintenance

Your project area should have strong and sufficient bunds at all times and shall be supervised by adequate watch and ward staff under the supervision of a qualified technical person. You should also ensure that the water level of tanks/lakes/ponds are maintained constantly at a level which is safe for Fish farming and the water movement must be regulated by suitable inlets, outlets and sluices. Regular and effective liming, manuring, feeding, deweeding, de-silting, earth excavation and earth improvement at appropriate time should be carried out and proper record to that effect should be maintained by You. Immediate steps to eradicate diseases, epidemics and parasitic infestation should be taken and dead Fishes/Fishes attacked with disease should be completely separated from the remainder of the stock immediately upon the discovery of the attack by You. Proper records for daily stock position, feed consumption, occurrence of disease and preventive measures taken, inputs and expenditure must be maintained by You.

6. Cancellation

You can cancel the policy at any time during the term, by informing the Company. In case You cancel the policy, you are not required to give reasons for cancellation

In such case of cancellation, the Company will refund proportional premium for unexpired policy period and there is no claim(s) made during the policy period

7. Condition for “Total Loss”

Where the loss of fishes is so extensive due to operation of any of the Insured peril(s) that the recovery/residual catch by You during a single crop period from a particular farm named in the Schedule of the Policy falls below 20% of the Sum Insured such claims are deemed to be “Total Loss”. Such claims will be paid to the extent of 80% of (100-percentage of residual catch).

8. Cessation of the Risk

This Policy shall cease to cover any fish immediately if You sell it or part with any interest in it whatsoever, whether permanently or temporarily.

9. Contribution:

If at the time of any loss or damage happening to the subject matter hereby insured there be any other subsisting insurance or insurances, whether effected by You or by any other person on Your behalf covering the same property We shall not be liable to pay or contribute more than its rateable proportion of such loss.

Below Warranty will be applied in case multiple policies involving Bank or other lending or financing entity

Warranted that in case there is more than one insurance policy issued to the customer/policyholder covering the same risk, contribution clause stands deleted. Underinsurance will be applied on an overall basis taking into consideration the sum insured under all policies and comparing it with the value at risk

10. Fraud

If the claim be in any respect fraudulent, or if any false declaration be made or used in support thereof or if any fraudulent means or devices are used by You or anyone acting on Your behalf to obtain any benefits under the Policy or if loss or damage be occasioned by Your willful act or with Your connivance, all benefits under this Policy shall be forfeited.
